# HP400 EYELET PRESS

## THE PERFECT TOOL FOR THE BANNER MAKER

Hand operated press capable of setting eyelets with a hole size of up to 17mm.

Lightweight and portable: take the machine to the job rather than the job to the machine.

Utilises self piercing eyelets so your hole is cut and set in one operation saving time and money. **Perfect for vinyl banners.**

Will go through multiple layers of material with ease.

Finishes available: Brass, Nickel and Oxy Black

Setting dies can be quickly changed to fit different sized eyelets.

Can also be used to set rivets, pop fasteners and other fasteners when used with the correct dies.

Use with **SP-09, SP-11 & SP16** eyelets and rings

- Easy setup and operation
- Quick, self piercing single action
- Unique lever design to reduce the amount of force required to cut and set.
- Strong and durable.
- Does NOT need to be fixed in position to operate.
- 5mm, 9mm, 11mm and 17mm eyelet hole size available.
- **Now with FREE Draper™ tool belt to hold your eyelets**
- Supplied with full operating instructions
